

Mesquite High School

CELL PHONE POLICY

- Phones may be out and on before school, at break and after school ONLY. At all other times, phones must be off and put away. This means out of sight.
- Consequences: For any individual student seen with a cell phone –
 - First observation: The teacher will take the phone for the rest of the school day.
 - Second observation: The teacher will take the phone and a parent will need to make arrangements with the teacher to retrieve the phone.
 - Third observation: The phone will be turned over to the Principal and the problem will be dealt with through that office.

If any exceptions to these rules are required, they must be handled through the Principal.

It's easy. Turn it off and leave it put away.
